

Dear Bethany,

2020 has been a challenging and painful year for many and we want you to know that we are praying for you and our entire community in this season. We're working through some extremely challenging decisions, and we appreciate your prayer and support as we seek what's best for our church through much prayer and consideration. As our community braces for another adjustment in response to COVID-19 we find ourselves doing the same as a church.

Based on the Governor's current restrictions and the rising case numbers we have made the difficult decision of pressing "pause" for a few weeks on what we have currently been doing and **transitioning our weekend services to mostly online**. We will be recording our services on Saturday nights and opening that service up to those that would like to attend in-person. If you do plan to attend that Saturday Night service it will be at 6p and we ask that you Save a Seat through our website beforehand. Our services will have a limited time of worship with no congregational singing; however, we will be using other creative ways to worship, reflect, and pray. Our Sunday morning services will transition to fully online and will be available on our website, YouTube, and Facebook.

As a church we say that we are all about "Connecting people to God, to each other, and to the world" and this moment is no different. We want to offer a way to still grow and challenge those within the church in their discipleship but still show the community around us that we love them and are doing what we can to be a part of the solution to this very complex problem.

With love,

Your Bethany Leadership
